Dear Mr. Warder:

On behalf of the members of Calvary Lutheran Church and School and our Building Committee, I would like to express our appreciation for the professional manner in which the installation of our elevator was accomplished.

We thank you and your staff, especially Mr. Ben Yankey, who worked very closely with us during the project.

Many thanks for a job well done.

Due to your fine work, many of our members are now attending after a lengthy absence.

In His name,

Robert Chapman
President
