Dear Jerry,

I wanted to drop a note to say how thrilled we are with the work your company did for us. In less than two weeks you completely transformed our dingy fellowship hall into a beautiful room that everyone is now requesting to use!

You started on time, finished on time and stayed within our budget. Everyone who walks into the room comments on the excellent detail of the workmanship. You have won us over. Now I need you to take care of the rest of this huge facility! I'll be in touch.

Thanks!!!

Sincerely,

Rev. David Freshour
