

Bishop John L. Meares
Evangel Temple
610 Rhode Island Avenue, N.E.
Washington, D.C. 20002-1292

Dear Bishop Meares:

I am writing this letter with the awareness that Evangel Temple's new construction will soon begin and having recently constructed an 18,000 square foot addition, which we are now occupying, I would like to recommend our builders for your consideration.

Warder-Mona, Inc. construction firm performed the drawing construction in a timely fashion and also kept costs within the budget which allowed us additional work and finishes.

Their practice of presenting to us, prior to construction, all costs of each trade, Evangel Assembly paying the subcontractors directly on a monthly basis (upon approval) kept overhead costs down and saved us the cost of construction bonding.

Warder-Mona, Inc. has performed as per their agreements and has shown character and integrity in our construction and this is why I feel I can recommend them.

If you have any questions or would like to visit our new facility, you are more than welcome.

Warm regards,

A handwritten signature in cursive script that reads "Jack Cain".

JACK CAIN
Pastor
