Dear Mrs. Wells:

We would like to thank you for all you did in behalf of Faith Assembly of God and Chesapeake Christian School. You helped us get on solid footing with what needed to be done to get our school building operational. We appreciate the coordination with the fire chief in our behalf. That alone has allowed us to continue operation through the rest of this school year.

We appreciate the time you have taken to address all of our concerns, and will highly recommend the services of Warder and Associates to anyone who is even considering a building project.

Sincerely,

Charles Elliott
Pastor
