Dear Mr. Warder:

This letter is to thank you and your men for the wonderful job you did in constructing the educational wing at the Landover Memorial Baptist Church, Landover, Maryland. Your professionalism, workmanship, and loving Christian attitudes were shown throughout the entire building process – from inception through project completion. That same commitment to excellence is still being shown to us as you and your men put "little extras" into the finished product.

God has been blessing LMBC mightily. Our Sunday school department has grown tremendously since we took occupancy of the educational wing in August 1992. We also have been able to add more Christ-centered classes and activities since we now have the space, and that is due in no small measure to the work of Warder & Associates.

In addition to workmanship, I'd like to thank you for the business decision you made to provide LMBC with the interim financing we needed to keep the building project on track while our permanent financing was being obtained. Because of your dedication and obedience to the Lord, LMBC also received a blessing and now has a wonderful educational wing in which to train and disciple individuals to do the work of the Lord. To God be the glory!

Mr. Warder, it has been a pleasure for me and for Minister Len Tomlinson to have worked with you and your staff at Warder & Associates on the construction of LMBC's educational wing. We highly recommend your work and should our church think of future expansion, we will think first of you. God bless you.

Yours in Christ,

Reverend Robert A. Wingfield
