Mr. Warder,

This letter is written to express our congregation's thanks and excitement over our newly completed building project. We want to say that we are pleased with the overall completion of the work and everything you did to make it possible. The commitment of your staff and workers, Mr. Sterling Hughes, Mr. Ben Yankee and others, resolving conflicts, working with inspectors, obtaining permits and doing what was required helped to make this project the success that it was.

We look forward to doing future business.

Sincerely,

Rev. Bernard M. Taylor
